NO ENLISTMENT AFTER NOTICE, SAYS HOWARTON

Induction Call Ends Opportunity to Enlist Voluntarily For Service

In an effort to iron out what has for months been a sore spot with selective service boards, armed forces of the United States are giving every cooperation to local boards in their efforts to get their quotas lined up and keep them in line for induction, it was announced this week by T. E. Howarton, chairman of Upland Selective Service board.

The difficulty, which has been common, that of eligible men enlisting in some other branch of service right up to the time of induction, has been encountered in making up induction lists for every call. Just when board clerks would get a list in shape, one or several of the men might enlist, making it necessary for board officials to call other men and make up their lists all over again.

In the future, when a man receives his induction call, it will automatically preclude his enlistment in the navy or coast guard services without deferment from his local board, and this will not be forthcoming. In the past, notice of induction was taken by many as the signal to enlist. The new order from Washington will stop this. Now, when the local board has its quota made up and has sent out induction notices, it will not be faced with eliminations and changes, which have made its work so difficult in the past.

Men may still enlist. But their enlistment must be made prior to any induction call from their board. Once they receive notice from the board to report, their opportunity for voluntary enlistment expires.

Remodeling-Repair Building Permits Issued This Week

Building permits issued this week include one covering the recently completed remodeling of the second story of the Mrs. G. A. Hanson residence, 559 North Euclid avenue. The work was done by H. A. Cooley, 550 North Laurel avenue.

Two permits were issued to Roscoe Dinger, 908 Washington boulecard, for a new roof on his property at 922 East Ninth street and repairs to the roof of his property at 936 East Ninth street.

George Lutz, 1402 Bowen street, is building a garage-shed on his property at the same address, according to a permit on file in the office of the Upland building inspector.

Upland building inspector's office has issued a permit for installation of a new roof on the Paul McIntosh residence, 711 East Ninth street.

Alex Cordes Now Serving in Egypt With British Army

Alex Cordes of Tontti, Union of South Africa, brother of Herman F. Cordes, 720 West Twentieth street, and a former resident of Upland, is now with the British forces in Egypt.

Mr. Cordes previously saw active service with the army in Ethiopia and news of his transfer to Egypt was received here in a letter to Herman Cordes from his sister-in-law in Africa.

The only activity in Egypt has been occasional air raids, Mr. Cordes stated in a letter to his wife. The soldiers' worst enemy in that desert region, he said, are "dust, flees and flies". The soldiers are billeted in dugouts and Mr. Cordes says the only nice thing about life there is an occasional dip in the Mediterranean.

Mr. Cordes, who is a graduate of Chaffey and the University of Southern California, has been living in South Africa for a number of years, having large farming interests there. He has many friends here who will be interested to know where he is stationed.

Fair Days Ahead For Two Weeks; Side Attractions

It is "Fair Week" in Pomona valley with the Los Angeles county fair in full swing from its gala opening this morning to its final flare of glory the Sunday night of September 28.

With the fair absorbing local attention almost to the exclusion of outside interest, one might ask what else there is to do. But for those who may be interested in what is going on outside the valley this weekend, Upland chamber of commerce has the following suggestions.

There is the light opera performance of "Rose Marie", which is now being presented nightly through next Wednesday evening, September 17, in the Hollywood bowl with a feature cast of 90.

Down-the-coast communities offer three attractions tomorrow. There is the All-States picnic in Long Beach, and Newport Harbor's "Discovery Day" celebration. Many West End residents are planning to attend the Long Beach picnic reunion as a return courtesy for the Beach City's fine support of the annual All States picnic held on Euclid avenue in Ontario. Third event, in San Diego, is the "Annual Pet Show and Mardi Growl" in the city stadium.

Mr. and Mrs. Max Hawkins (Margaret Paulin) of Santa Barbara, and Mr. and Mrs. R. D. Jones (Elizabeth Hawkins), of Rialto, were guests Monday of Mr. and Mrs. A. M. Hawkins, parents of Mr. Hawkins and Mrs. Jones, of West Thirteenth street. Mr. and Mrs. Hawkins visited friends Tuesday and are returning to Santa Barbara Wednesday eveing. Mrs. Hawkins' parents, Mr. and Mrs. J. H. Paulin, were vacationing at Big Bear.

Foothill and Campus Avenue Locations Are First Property Purchased

First payment for the site of Cal. 9-2, one of Upland's new housing projects of 50 dwelling units, was made today, according to Paul F. Schowalter, chairman.

Appoximately five acres are included in the site of Cal. 9-1, located between Campus and Fifth avenues, several hundred feet south of Foothill boulevard.

Names of projects are Campus Plaza, Cal. 9-1; Los Olivos, Cal. 9-2, and Vineyard Village, Cal. 9-3.

Title to the eight-acre Vineyard Village site at Guasti, donated by the Italian Vineyard company, is now vested in the Housing Authority of the City of Upland.

"We are mighty glad to be back in California again", was the consensus of opinion expressed by Mr. and Mrs. Walter Hewitt and their son and daughter, Dale and Barbara, 475 West street, who returned to Upland from a two months' trip to Seattle.

In Seattle they visited a daughter and sister, Amy Ann, making side trips to the Grand Coulee dam, Mt. Rainier, Deception pass and Victoria, Canada. On the way home they visited Crater lake, Klamath Falls and spent a day in San Francisco.

UPLAND BOYS, GIRLS ANSWER SCHOOL BELLS

All Schools Expect Registrations to Come Close to Last Year

"Registration is going about as usual", is the report which comes from Chaffey junior college and Upland schools today, as students march back to classrooms for registration.

With 763 pre-registrations up to and including yesterday, the junior college lags 41 behind the pre-registration of 804 which was the record the day before registration last year. However, it cannot be said for a certainty just how many of these will actually report for classes due to changes and removals.

Chaffey high school had 1850 pupils already programmed for this fall during last March and April. Of these, high school officials believe it is reasonable to anticipate a return of about 1,650, which will approximate the 1,694 students registered by the end of the first day a year ago.

Tomorrow the junior college and high school faculties will hold a joint meeting which is called for 10:30 a. m. Following the general meeting, the six new teachers will meet to learn procedure. A high school faculty meeting has been called by Principal Fischer for 1:30 p. m., and the junior college faculty will meet at 5 p. m.

Faculty of the junior college will be the guests of Director and Mrs. Charles J. Booth at dinner in the Women's gym tomorrow evening at 6:15 o'clock.

Regular classes begin in all departments of Chaffey junior college, Chaffey high school, Upland junior high school and Upland Elementary school on Monday morning.

Dr. Taylor Is Now Recovering After Recent Operation

Dr. Chas. B. Taylor of San Antonio Heights, who submitted to surgery in the Pomona Valley hospital three weeks ago, is now making satisfactory recovery. Mrs. Taylor stated today that his improvement has been especially noticeable during the past several days.

His two sons, Dr. L. A. Taylor, eye, ear, nose and throat specialist of Ottumwa, Iowa, and Dr. E. M. Taylor, eye specialist in Portland, Ore., flew here to be with their father. They now feel certain of his continued improvement and have returned to their homes.

DEFENSE TRAINING PROVIDED BY NYA

Chance Offered Upland Youths To Secure Experience With Pay in Pomona Shops

Through the NYA machine shop project in Pomona, opportunity is offered Upland youths to earn while they learn, through preparing themselves for well paid employment in defense industries.

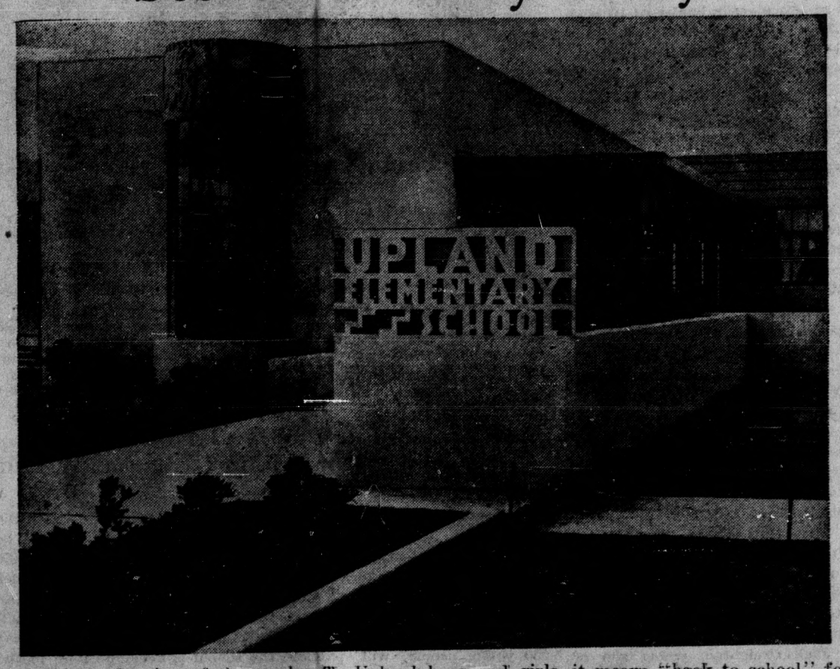

A number of vacancies in the project have been made available to Upland boys and young men for an opportunity for industrial training, as the result of an arrangement worked out by Don Middleton, Pomona zone superintendent, and David McFerran of the San Bernardino office.

VARIETY OF OPPORTUNITY

The work experience offered will train them for placement in jobs in machine shops, aircraft plants and shipbuilding yards, and is the same as is given at Chaffey junior college under government supervision.

Arrangements have been made for free transportation to Pomona, and those who qualify for the training also will receive $25 a month while going to school. Any Upland youths interested in this opportunity should make application at the office of the California department of employment in Ontario.

Scene of Activity Today

This is the sign of the week. To Upland boys and girls, it means "back to school" for another year—not alone for the purpose of learning lessons, but also for the important business of making associations, perfecting cooperation, developing personalities; in a word, learning how best to use and direct that freedom which is the American way of life. This is the sign and the gate to the beginnings of democratic living, which Upland boys and girls entered again today.

FBI WORK CITED AT LIONS MEETING

Speaker Tells of Investigation and Efforts to Curb Crime

More than 2,100 Federal Bureau of Investigation officials are spotted throughout the nation in a gigantic system of checking against espionage, sabotage and other violations, according to the graphic word picture presented Upland Lions club members at noon yesterday by J. E. Daley, Los Angeles.

Industrial plants engaged in defense work have been thoroughly investigated by the F. B. I. agents as a precaution against possible subversive elements, he explained. The investigators check to see that proper protection is given blueprints of defense items, that the employes are true Americans and that the defense work is properly guarded from the foreign elements, according to Mr. Daley.

Up to July 1 the investigators had handled 100,000 cases and each month 500,000 sets of fingerprints are received by the F. B. I. in Washington. All but two kidnapping cases had been solved, the official reported.

Harold W. Cook was the program chairman, with President Leigh Thompson presiding. The commentator for the day was Earl H. Johnson. Visitors included A. H. Wenger, father of Dr. Earl Wenger, member of the club; Ted Atwood, son of Secretary Glenn M. Atwood, and A. H. Seitz, Mt. Vernon, N. Y., father of Ted Seitz, club member.

UPLAND WATER IS ALMOST PERFECT

At Least Bacteriologist Report Indicates Water Is Pure

Upland city water is nearly as pure as it is possible for water to be.

At least the latest report from the bacteriologist indicates that the municipal water system has a "colon index" of only .02, according to City Manager Richard G. Manley. When the index reading is .10 an investigation is made to determine why the reading is at that figure, according to the official.

H. R. Stanford, Chaffey instructor, is engaged to regularly analyze samples of water taken from the municipal water pipes. A small sample is taken once a month from all of the wells.

In reply to recent inquiries about the purity of the water, Mr. Manley emphasized that Mr. Stanford's latest report gave the Upland water a near perfect record.

Speed Laws To Be Made Effective All Enforcement Officials Warn

Motorists of California again are reminded today by officials of the department of motor vehicles that excessive speeds will not be tolerated under the new law increasing the maximum prima facie limit to 55 miles an hour, which becomes effective tomorrow.

LOCAL COOPERATION

Upland Chief of Police E. C. Mehl repeats his warning made on Tuesday that officers of the local traffic patrol have been instructed to enforce the new speed laws strictly in full cooperation with state officials and the California highway patrol.

"With the new law in effect tomorrow, there will be no excuse for excess speeds," Chief Mehl said, "and the cooperation of the motoring public will go a long way toward making streets and highways more safe."

A joint statement issued by Director James M. Carter and E. Raymond Cato, chief of the highway patrol, said little tolerance would be allowed above the maximum figure established in the new law.

"NO INCREASE"

"This does not mean everybody can increase his maximum speed ten miles an hour," the statement said. "In fact, it will mean no increase whatever in the speeds at which most people have been permitted to drive for years on the open highway.

"Conditions frequently obtain on our highways when speeds far less than 55 miles an hour are indicated for safety. Motorists should govern themselves accordingly.

"Excessive speed is known to be a primary factor in many fatal accidents. Take it easy!"

NEW SALE REGULATIONS

Automobile dealers were reminded by Director Carter that a new section of the law, effective Saturday, prohibits the sale of any second-hand car unless its brakes and lights have been tested and adjusted if necessary.

A certificate showing such lights and brakes have been tested, and adjusted, if necessary, must accompany the dealer's report of sale.

For the second time within a week the Upland fire department was called to quell a brush fire in the wash near the Holliday rock crusher, when the alarm sounded at 4:30 p. m. Wednesday. A small area bordering Campus avenue across from the rock plant scales was burned over.

The fire was put out promptly. Fire equipment from the state forestry fire station on Highland avenue also answered the call to assist. Cause of the fire was unknown.

Upland Resident Called to Service in Washington for One Year

H. A. Cramer of 1655 West Ninth street, a captain in the Officers Reserve Corps, has been ordered to Washington, D. C., for one year of active duty in the office of the chief signal corps officer.

Captain Cramer, a World war veteran and past commander of the Ontario Legion post, is supervisor in the cost department of the General Electric Hotpoint plant and he has been granted a year's leave of absence from that position.

The two sons, Max and Jerry Cramer, are students in Chaffey junior college and they will remain here during the school year, staying at the home of Mr. and Mrs. Irl Gluyas, 560 West Fifth street, Ontario.

C. of C. Features Defense Theme In Fair Exhibit

Miss Elizabeth Wright, librarian of the junior department in Upland public library, has been given a year's leave of absence by the library board of directors. She will go to El Centro where she will be in charge of the El Centro branch of the county library of Imperial county.

It is planned to keep the headquarters work room open each Monday, Wednesday and Saturday from 9 a. m. to 4 p. m. and cutting of material, sewing and knitting will be carried on there.

Mrs. Eckerman is asking for the donation of sewing machines, either treadle or electric, for the work room.

"OBJECTOR" SEEKS RECLASSIFICATION

Man Who Ignored Induction Notice of Upland Board Recants Position

Charles Casper Countryman, Trona selectee who was arrested recently by the F. B. I. for disregarding a notice of induction from the Upland Selective Service Board, has accepted the advice of legal counsel which he engaged to fight the federal charges.

His attorney advised him to prtsent himself to the Upland board for reclassification as A-1, and upon his application being granted by the board, Federal charges against him would be dropped. Mr. Countryman has made this application to the board, and the chances are that he will be reclassified as A-1 and called up in the next induction, it was indicated today by T. E. Howarton, chairman of the local board.

Mr. Countryman was given a "conscientious objector" classification by the board, but when notified he was to be called to report to Camp San Dimas, he informed the board that he would not report. He kept his word, ignoring the induction notice, with the result that he was taken into Federal custody.

Freed on bail, he sought legal advice, and finally decided that the army was the best solution after all. He assured the board that he was quite ready to make amends and clear himself of the charges against him.

School Men Pick Upland for Home

Murray Owen, well known head of the Chaffey music department, upon returning from his vacation, picked Upland for the family home. Mr. and Mrs. Owen and two sons, Barrie and Richard, have moved into the residence at 169 South Euclid avenue.

MINUTE MAN SET IN HUGE DISPLAY OF CITRUS FRUIT

Carrying out a patriotic theme which emphasizes national defense, the inspiring reproduction of the well-known Minute Man statue, which is the central theme of the Upland chamber of commerce exhibit at the Los Angeles county fair which opened today, undoubtedly will draw a large share of favorable comment and attention.

Occupying a 36-foot rack position, Upland's exhibit this year is one-half larger than last year. Into the makeup of the exhibit have gone 136 surface boxes of citrus fruit, including grapefruit, three varieties of oranges and a dramatic display of lemons, together with a great quantity of papier-mache design work.

DEFENSE ON ALERT

Dominating the design is a representation of the famous Minute Man surrounded by insignia of the United States armed forces imposed on patriotic placques. From the Minute Man symbol of preparedness the rest of the exhibit takes its cue, with the American eagle poised on a cliff overlooking an expanse of ocean across which stream lines of planes and ships from the shore. It is altogether a dramatic representation of American ideals going into action.

MANY AID

The many details of the inspiring exhibit have been worked out during the past few weeks by Gene Nisbet, chairman of the chamber of commerce exhibit committee, and transferring the idea into form has been the task well worked out by members of the committee. Upland Boy Scouts also have rendered valuable assistance in helping to prepare materials.

Final touches on installation of the exhibit were completed last night in the pavilion on the fair grounds, during the few remaining hours before the fair opening this morning.

Upland people who view the exhibit of their chamber of commerce, which has had so many prize-winning exhibits at the fair in years past, will be able to take pride in the community's 1941 bid for high honors among exhibitors.

Brakes Balk at Load Momentum Of Auto Trailer

A stop sign collision at Foothill boulevard and Euclid avenue resulted in very minor damage to both cars involved, when an eastbound car driven by Clyde Gartley Riley, Los Angeles automobile dealer, stopped at Euclid avenue and received the impact of the car following which was driven by Otto Smith, Manchester, Okla.

Mr. Smith told Upland police that he was following Mr. Riley's car at about the same speed, but when he applied his brakes, approaching the stop sign, the weight of his trailer load pushed his car into the one ahead. No one was injured.

Two Cars Damaged In Foothill Crash

In a collision which occurred on Foothill boulevard just west of the intersection of San Bernardino road about 11 p. m. Wednesday, cars driven by Gordon Naisbitt, 295 Camino Sur, Red Hill, and Fred A. Law, 288 Ojai street, Pasadena, were very badly damaged, while Mr. Law sustained head lacerations, and his wife, Elizabeth, suffered shock.

The crash occurred when Mr. Naisbitt, who was going east, tried to turn left onto Red Hill drive, and failed to see the Law car approaching from the east, he said. He was cited by the California highway patrol for crossing the double line.

College Heights Club Discusses Relief For Chinese

During the meeting of the College Heights Neighborhood club held Wednesday afternoon at the home of Mrs. Sam Jones, 405 Hervey avenue, the urgent need for Chinese relief was discussed.

Mrs. F. J. White, for many years a resident of Shanghai, where she was closely connected with Baptist missionary stations, read a letter that she recently received from one of the few missionaries remaining in the Shanghai area.

The letter told of the great scarcity of clothing and other necessaries and of the difficulty the poorer classes have in securing food.

The missionary stated that one American dollar will provide food and shelter for an adult for one month. Food for a child's meal may be secured for half of one cent.

The missionary also stated that any gifts intended for Christmas distribution, should be shipped immediately.

The guests contributed several dollars which Mrs. White will send to China, through the regular Chinese relief channels. Mrs. White also suggested compliance with the missionary's request for clothing, especially sweaters, for Christmas distribution.

Following discussion of the missionary's letter, the group enjoyed a social afternoon and Mrs. Jones served refreshments. She was assisted by her daughter-in-law, Mrs. Leslie Jones, Miss Bonnie Jean Robbins and Miss Marie Jones.

Installation Party Held by Legion Auxiliary

In a particularly unique setting, members of the Upland unit of the American Legion Woman's Auxiliary held an installation party last evening at the home of Mrs. Thos. E. Howarton, 1695 North Mountain avenue, with Mrs. J. W. Larkin being installed as president.

Early in the evening a barbecue was prepared over the grill in the rear garden picnic grounds, and the dinner was served in the garage, where tables were arranged.

The garage was gaily decorated with streamers in blue and gold, the Auxiliary colors, and provided an attractive setting for the informal gathering.

Following the dinner hour Mrs. Jesse E. Monroe, vice-president, opened the meeting, presiding for the retiring president, Mrs. Chas V. Benson, who was present but not yet fully recovered from a long illness.

The installation ceremony, informal but impressive, was conducted by Mrs. E. L. Crooke of Colton, past president of the Twenty-fifth district.

Those installed were Mrs. J. W. Larkin, president; Mrs. Jesse E. Monroe, vice-president (re-elected); Mrs. Harry Plum, second vice-president; Mrs. Earl E. Marsh, secretary; Mrs. H. C. Naylor, treasurer (re-elected); Mrs. I. J. Linkey, Mrs. Francis H. Rogers and Mrs. Clara R. Jacobs, executive committee; Mrs. Clara Jacobs, sergeant-at-arms, and Mrs. Frank Freeman, music.

Mrs. Monroe, vice - president, who has served as president for the past four months, during Mrs. Benson's illness, was presented a handsome past president's pin.

Mrs. Benson, who was serving for her second term, received her past president's pin last year, and last night was presented a gift from the unit.

A card party was the concluding event of the evening, with the three highest prizes being presented to Mrs. Benson, Mrs. I. J. Linkey and Mrs. Earl Wilson, the latter of Victorville. The low prizes were awarded to Mrs. H. C. Naylor, Mrs. Eric Rhenstrom and Mrs. Frank Freeman.

Special guests, besides Mrs. Crooke, were Mrs. Robert P. Turner, district president, and Mrs. Earl Wilson, both of Victorville. Mrs. Turner made a brief talk.

Excellent Programs Will Be Offered Woman's Club

With the opening of club activities only a few weeks away, members of the Upland Woman's club are beginning to think of the interesting and entertaining programs they are to enjoy during the coming club year.

Mrs. Emily J. Austin, president of the club, in referring to the program expressed the opinion that Mrs. J. Emery Sargent, program chairman, has made excellent selections for the club's entertainment.

For several years Mrs. Sargent has served the club as program chairman and has been consistently successful in arranging popular programs.

The club's first meeting, a luncheon session, will be held on Tuesday, Oct. 14, and for the opening program to be presented at that time, Mrs. Sargent has scheduled John Arnold Ford, young basso of Hollywood.

Mr. Ford, who sang in "Madama Butterfly" in the Hollywood bowl, will present a varied selection of songs, ranging from grand opera to folk songs and ballads. He will be assisted by Miss Isabelle Ebert, brilliant pianist and accompanist.

Because of the interest of the Ontario Woman's club members in the program scheduled for the afternoon meeting on Oct. 22, the annual joint meeting of the two clubs will be held on that day.

The Rev. Baxter Carroll Duke and Mrs. Duke, Negro leaders in Los Angeles who have accomplished wonderful results in almost eliminating juvenile delinquency in a once "tough" section of the city, will be the speakers at the joint session. They were highly recommended to Mrs. Sargent.

In November E. H. Wileman of Barker Bros who so delighted the club women in a previous program, will discuss silverware, glass and china.

Miss Pretto Bell, a charming young woman and the youngest offical in service of the United Air Lines, will discuss aviation in another program.

A Christmas program will be presented by Charles Davis, talented character interpreter, who will read Dickens' well loved "Christmas Carol".

Another special program will be given just before Easter by Mrs. Greta H. Crandall of Pasadena, whose topic will be "Madonnas in Art". She will talk and show beautiful pictures.

Other programs will include Curtis Burnley Railing, humorous impersonator of the south, and the Pomona College Symphony band, directed by Professor Blanchard, a very fine musical organization.

Outdoor Meeting and Social Enjoyed by Heights League

For the outdoor contributed dish dinner served early in the evening, Miss Smith arranged three long tables in a semi-circle beneath a large shade tree and a delightful hour was spent there.

Dr. Chas. B. Taylor, president of the club, was absent due to illness and the business session was omitted and a time of pleasant visiting was enjoyed.

Mrs. Monroe Hostess At Party Honoring Miss Daniel

Complimenting Miss Mary Ann Daniel of Claremont, fiancee of her nephew, Francis Brogan, Mrs. Jesse E. Monroe entertained with a luncheon and gift shower on a recent day at her home, 659 West Thirteenth street.

The luncheon table, set in the patio, bore appointments in bridal white and was graced with a centerpiece of bouvardia and maidenhair fern.

For the shower that followed the luncheon the guests were invited into the dining room, where they found a beautifully arranged table. A parasol, cleverly handmade of pink crepe paper, was opened above the table with the handle secured in a pink covered flower pot. From the parasol pink and blue streamers radiated to the gifts of linen heaped upon the table. A happy time was spent in inspecting the various articles.

Miss Daniel and Mr. Brogan are to be married early in October.

Present for the luncheon and shower were Miss Daniel, Mrs. Joseph L. Daniel of Claremont, mother of the honoree; Mrs. Maud M. Brogan of Upland, mother of Mr. Brogan; Mrs. Elmer Becker of Glendale, Mrs. Joe Yost and daughter Patricia of Long Beach, Mrs. R. E. Dunlop of Ontario, Mrs. Milton F. ARMY TAKES OVER COLLISION VICTIMS

Three Cadets Taken to March Field Hospital—All in Serious Condition

Condition of the army aviation cadets who were injured Tuesday afternoon in an automobile crash in Cucamonga at Archibald avenue and Foothill boulevard is reported as "fair" at San Antonio Community hospital, where they were taken.

Armand Boffa, Providence, Rhode Island, most seriously injured of the quartet, sustained two badly fractured legs, a severe cut on the head and possible internal injuries. He is still at the local hospital.

TO MARCH FIELD

Robert S. Tramantana, who suffered a broken leg, lacerations of the head, a possible skull fracture and concussion, and Warren S. Pullian, Louisville, Illinois, who sustained a basal fracture of the skull, and contusions and lacerations of the right forehead, were transferred to the army hospital at March Field yesterday afternoon. Though both were improved, Pullian's condition was said to be very serious.

Joseph Paul Leverone, Allington, Mass., driver of the car, was taken to the March Field hospital on Tuesday following the accident after he received emergency treatment at San Antonio Community hospital for a fractured right hip, a fractured jaw and a possible skull fracture.

Immediately after the accident, an officer from March Field came to Upland to make provision for care of the youths.

Business Women Hold First Dinner Meet Of New Year

Summer vacations in wide variety were re-lived last evening by members of the Upland Business and Professional Women's club when they gathered at Red Hill Country club for the first dinner meeting of the new club year.

Miss Hester MacKay, president, presided, directing the opening preliminaries and conducting the business session.

The dinner hour was a merry time as the club members and guests assembled about the flower decked tables to begin a new year.

The new year books, skillfully compiled and mimeographed by Miss Elizabeth Wright, were distributed and brought forth exclamations of pleasure and admiration from the members. Miss Wright was given a vote of appreciation for her work.

It was announced that Miss Wright has been given a year's leave of absence from the Upland library and will go to the library in El Centro. Much regret was expressed over the loss her absence will cause to the club.

The club voted to join the International Federation of Business and Professional Women.

Plans were made for participation in the annual National Business Women's week in October and Miss Geraldine Riggs, public affairs chairman, will be in charge.

Mrs. F. H. Manker was program chairman and she called upon the members to provide their own program, with delightful results.

Each one told of her summer vacation experiences, which ranged from a thrilling airplane flight in a storm and a visit to Carlsbad caverns and the Grand Canyon, to less spectacular but highly enjoyable motor trips to beach and mountains.

Club members in attendance were Miss MacKay, Mrs. E. Tweed Stone, Mrs. Harry Plum, Mrs. Otis H. Cooper, Miss Mabel Davis, Miss Geraldine Riggs, Mrs. Elizabeth Hurst, Mrs. F. H. Manker, Miss Jessie Brown, Mrs. Glen F. Remington, Miss Marjory Phillips, Mrs. Una R. Winter, Mrs. Jewell Teuscher, Miss Elizabeth Wright, Mrs. Vivian M. Santolucito, Miss Thurma Leabo, Miss Dulcie Beecroft, Miss Rose Sanchez, Mrs. Merle Rash and Mrs. Douglas Black.

Guests were Judge Mildred Puckett, Mrs. Edith Troeller, recently from Hawaii, and Mrs. Rollin Lemon.

The San Bernardino County Council meeting will be held in Chino on Wednesday, Sept. 17.

Sunday School at 9 At Presbyterian and Methodist Churches

Presbyterian church officials have announced that this schedule will prevail throughout the month of September. A survey is being conducted among the Methodist congregation to determine what is the most popular schedule—having Sunday school or church first.

HIGH PRICES TO REMAIN, FORECAST

Prof. Norman Ness Discusses Inflation at Meeting Of Businessmen

In a scholarly discourse on economics, inflation and post-war life, Norman T. Ness, Pomona college professor, predicted at a meeting here last night that high prices are likely to prevail for many years.

He spoke to more than 75 people at the annual meeting of the Ontario Businessmen's association in the Upland Woman's club house. A fluent speaker and an ardent student of economics, Prof. Ness in general had a good word for the Washington administration in the field of international relations and in the field of domestic economics.

Inflation is the natural result of many people, with money to spend and determined to spend it, according to the speaker.

"Do you think there is inflation now?" the speaker asked, and then answered: "The women who do the buying for your homes can answer that. My wife has been complaining for months about high prices."

The speaker had a word to say about Leon Henderson, the price control administrator. While he did not speak in details, he gave the general conclusion that the price situation and the economic problems will be more favorable in post war No. 2 than in post war No. 1.

Prices are likely to remain high indefinitely because of the unions, of the "blocs" in Congress and the general policy of the government to guarantee prices of various farm commodities.

The problem of priorities confronts many industries and corporations, which will be curtailed in their operations by the defense effort. Construction, automobiles and allied industries will be vitally affected, Prof. Ness declared. The amusement field should be especially profitable for investors and managers because "people are going to spend their money—and amusements will appeal to many," he declared.

W. R. White, retiring president of the association, presided. Ralph Arnold, vice-president of the First National bank of Ontario, discussed the new regulations concerning installment buying. Secretary F. H. Wallihan reviewed the year's activities.

New directors were elected as follows: L. G. Bumstead, Allen Clements, Herbert C. Naylor, F. J. Dysart and Thomas White. Hold-over directors are Wilmer White, Ellery F. Wright, Don Vowles, and Al Holmer.

BANDITS HOLD UP SERVICE STATION

Ancil Morris Station in Cucamonga Is Held Up Second Time in Few Months

The Ancil Morris service station in Cucamonga, which was held up a few months ago, was again the target of bandits about 1:20 a. m. Thursday, when the night attendant, W. M. Flanders, was slugged and robbed of about $1.50 in change after waiting on two strangers.

The two men drove up in an old brown colored sedan, which Mr. Flanders believed to be of about 1936 model, and bought a few gallons of gas and a quart of oil. When Mr. Flanders went in the station one of the men, who was about 22 years of age, six feet tall and weighing about 140 pounds, followed him and knocked him out so that several stitches had to be taken in his scalp at San Antonio Community hospital.

Nothing in the station was taken and the cash register was not touched.

Upland police last night had hopes that they might be on the trail of the "two men in an old brown car" when a car and the two men answering the same description were reported by the station attendant at the Standard Oil station at Foothill boulevard and Second avenue. He called police because he thought that the men were watching his station, but when the police arrived the men had left the vicinity and were not found again last night.

Blowing Papers Cause Five-Car Mixup In Outbreak of Accidents

Automobile accidents of unusual natures, with two Ontario women injured in one, cropped out like an epidemic late Tuesday, following the midday crash in Cucamonga in which four United States army aviation cadets were seriously injured.

North bound on Campus avenue between Willow and Nocta streets around 11:30 p. m., Mrs. Margaret Alice Cruse, 29, 818 East D street, Ontario, told Ontario police that she met a southbound car which crowded her machine to the right, causing it to strike the curb and swerve across the street, crashing headon into a power pole. The other car did not stop, she reported.

WOMEN INJURED

As a result of the crash, Mrs. Cruse and a companion with her, Mrs. Hester Bailes, 314 Muscatel, Ontario, were confined to San Antonio Community hospital, each suffering a fractured ankle, cuts on the face and numerous bruises. Mrs. Cruse's car was quite badly damaged.

A freak tangle on West A street, Ontario, about 3:30 p. m., involved five cars in a mishap, which resembled a convention of motorists, but resulted in only slight damage and no serious injuries.

ONE

Traffic was rolling along smoothly, but pretty thick, when things happened and cars began to stack up. Driver of the first car, Miss Florence Alma Dixon, 20, 608 West Grove street, Ontario, told police that papers in her car blew up on the windshield and she could not see, so she stopped and opened the doors to remove the papers.

TWO

Number two car, driven by Mrs. Irene Neily McIntosh, North San Antonio avenue, Upland, following Miss Dixon, stopped. Mrs. McIntosh said that the car ahead stopped and its doors were opened, and she did not turn out around it because she was afraid someone might step out in front of her machine.

THREE

Next in line, car three came to a stop. Carl Elgan Kennedy, 615 West Allen avenue, San Dimas, the driver, told police that he had to stop because he could not pass on account of oncoming cars, so he put out his hand to slow down and just then his car was struck from the rear.

FOUR

Car four then got in the line-up, driven by Eastlin Gedeon, 11017 Freeman avenue, Inglewood, who told police he was not able to stop when the car ahead did, so he started to turn out to go around when his car was struck from the rear and knocked over the curb and into the street again.

FIVE

Final car, number five, was driven by Mrs. Mary Alma Ziegler, 1036 East Hill street, Long Beach, who told police that the car in front of her stopped so suddenly she could not stop before she struck it. No one was seriously injured, only Mrs. Lena Clark, 1201 Second avenue, Los Angeles, a passenger in one of the cars, receiving slight bruises. She did not require any treatment.

Whether names have anything to do with cases is a moot question, but drivers of both the first and last cars in the mix-up were named Alma. However, Ontario police are left with unraveling the "Who's Who" of the situation.

HUNTERS URGED TO USE CAUTION

Lytle Creek Canyon Route Suggested As Best to Get To Hunting Area

With the opening of the deer hunting season Sept. 15, officials of the United States forest service today cautioned people about starting camp fires only in designated camp grounds and that smoking is permitted only in designated areas.

As to the best method of going to the Lytle creek drainage area for hunting, C. R. Huse, forest ranger at Camp Baldy, suggested the route through the mouth of Lytle creek rather than through the San Antonio canyon, then hiking over the divide.

Disadvantage of the San Antonio canyon route is that it would require a hike of seven miles from the end of the road over to Lytle creek—and a similar long-distance hike with a deer. By Lytle creek, however, a hunter could drive his car up to the hunting area.

Anyone bagging a deer on the ridge-top route must have deer tags validated at Lytle creek. The state fish and game commission plans to have men in Lytle creek area, probably at Stocker Flats, where tags can be validated.

Mr. Huse explained that "if you enter by San Antonio canyon, you must notify the state fish and game commission of your intention to carry firearms at least 24 hours in advance. The commission officials must know when you will enter, time of going and leaving and route of travel. Written permit is issued for this, the nearest warden being L. A. Stager in Upland."

Woman's Ambulance Corps Enrollment Increases Rapidly

Two recruits, Miss Gertrude Miller and Mrs. Walter Piety, were enrolled in Company H, Third Battalion of the Woman's Ambulance Defense Corps, Ontario division, during a recent meeting held in Ontario. These are but the two latest additions to the rapidly growing list of members in the Ambulance corps.

The troopers are now studying auto mechanics under the supervision of Harold J. Stickney of Upland, member of the Chaffey faculty.

They also are studying first aid under the direction of Mrs. Janet Hall and will complete a course on Sept. 22.

With the completion of the first class, an advanced class in first aid will be started under the direction of army physicians from March field.

Beginning at once. First Lieut. Ray L. Sullivan, battalion adjutant of the State Guard, will be in charge of the drilling of the troopers.

There still is time for new members to enroll, and any women interested in joining the ambulance corps may secure information from Dr. R. E. Berry of the Chaffey faculty, or from Sergeant Nancy Cuthbert.

A QUESTION IN EVERY ADV.

You will note that in each space is an easy-to-answer question. To qualify for the Dividend Day award, you must answer the questions listed by the firms from which you have saleslips.

For Example—If you have a sales slip from Blank Co., you must write the answer to the Blank Co. question on the sales slip and have it ready for presentation to the Merchants' Messenger by 6 p. m. Monday.

If you are not going to be home Monday between 6 and 7 p. m., leave your sales slips posted near your front door.

Every adult in Upland, Alta Loma, Cucamonga and Etiwanda is eligible to participate in the Upland Merchants' Dividend Day. A directory has been especially compiled to include every house address in these communities.

Receipts of payments on account for purchases since March 1 are not eligible for use as sales slips.

The dividend sales do not have to be for cash, a "charged" sales slip being acceptable. In all fairness, however, a sales slip for payment cannot be eligible for use on dividend day.

ETIWANDA SCHOOL TO OPEN MONDAY

Principal Geiger Stresses That Opening Will Not Be Postponed

Etiwanda school will open for registration of pupils next Monday, September 15, it has been announced by Principal George L. Geiger, Jr. Mr. Geiger desires to make this clear, as through some misunderstanding, many had gained the idea that the Etiwanda school was to open a week later.

Monday morning will find members of the teaching staff at their posts to open the fall term, and all Etiwanda pupils will be expected to report for registration at that time.

Miss Jane Sheldon, Altadena, a graduate of the University of California at Los Angeles, is a new member of the Etiwanda school staff and will teach the second grade.

Etiwanda teachers who will return to their work there are: Miss Harmon Kjellgren, first grade; Miss Ann Axelson, third and fourth grades; Miss Marion Wells, fifth and sixth grades, and Principal Geiger, who will teach the seventh and eighth grades.

DINNER IS SUCCESS SAY CUCAMONGANS

Meeting in New Clubroom Gets Club Off to Good Start on Membership Campaign

Cucamonga Service club held a successful first dinner and meeting in the club's new headquarters at 178 North Archibald avenue on Wednesday evening, with 35 members present to enjoy a fine beef dinner.

Following dinner, President Poli Sanchez called a short business session to order, and the meeting heard reports on the progress of the membership campaign from leaders of the contesting groups, George Mahan and Glenn McLaughlin. Their reports showed that the membership drive is making good progress, with Mr. Mahan's group in the lead.

The aluminum collection committee headed by Ronnie Roberds was instructed by President Sanchez to have the aluminum sacked up for weighing and delivery to San Bernardino.

Success of the initiation of the new club room lends strength to the anticipation for bringing up the attendance at club meetings, it was said by Ben Vizio, vice-president.

Assisting with the dinner were Carl Broncaccio, Fred Owings and Ben Vizio, with Ralph Santolucito as chairman. Appointed by the president to serve dinner for the next meeting, September 24, were William Hutton, O. P. Whitney and John Klusman, with George Mahan as chairman.

ONTARIO, SAINTS BATTLE TONIGHT

Ontario General Electric and Santa Ana baseball teams may play only one more baseball game this season.

If G. E. defeats Santa Ana tonight on the Ontario park, the Ontario team will have won the right to meet San Bernardino in the finals of National league championship. Standings in the play-off games between the two teams are 3 to 2 favoring Ontario over Santa Ana. Thus, a victory tonight will put G. E. into the Inals with San Bernardino. Santa Ana defeated Ontario in a game there Wednesday night.

BIRTHS

Mr. and Mrs. Walter F. Buehler, 1931 Rincon drive, Whittier, are the happy parents of a daughter, their second child. The baby was born on Wednesday, September 11, at San Antonio Community hospital. Paternal grandparents of the young miss are Mr. and Mrs. Walter A. Buehler, 126 San Bernardino road, Cucamonga, Mr. Buehler being head of the Buehler Tank and Welding works in the Foothill community. Mr. and Mrs. Herbert Michaels of Pomona are the maternal grandparents.

Mr. and Mrs. John S. Ingalls, Carnelian avenue, Alta Loma, welcomed the birth of a baby daughter whose arrival occurred on Wednesday, September 11, at San Antonio Community hospital.
